

## Commitment to Personal Safety

I, \_\_\_\_\_, am committed to the safety and well being of myself and those working with and around me. I will hold myself and those working around me accountable for working safely. This means we will take care of ourselves and each other.

*I will stop any work if I feel it is unsafe. I understand that I have the authority and support to do this.*

*I will intervene whenever I see an unsafe condition or behavior. I will ask that my coworkers do the same for me.*

*I will mentor those with less experience and ask to be mentored by those with more experience.*

*I will ask questions if I am unsure, and am receptive to being asked questions.*

*I will hold myself and others accountable for ensuring that hazards are indentified and shared during safety meetings and jobsite inspections.*

*I will hold myself accountable to understand the daily work plan; all tools, materials and PPE and utilized prior to the start of any task.*

*I will use the required PPE for all work tasks.*

*I will take time necessary to complete work in the safest possible manner; I will not take shortcuts.*

*I have received Safety Orientation training and understand my role, responsibilities and accountabilities.*

*Lastly, I will SPEAK UP and I will LISTEN UP to help build our safety culture.*

I acknowledge WyCo Services ultimate goal of ZERO Incidents and will do everything in my power to protect myself, my coworkers, and the public.

My commitment to myself, my team and the company is:
